God's Existence -Pt 2

-Jim talked about the concept of "Determinism". What is it and do you think it's a prevalent concept in our culture today?

-Have there been times in your life when God has proved himself to you?
When/how?

Read Joshua 23:1-13 & 24:14-15

-Why do you think Joshua was concerned for his people about the choices they would make even after all that God had done for them?

-Is it important to remember the times God has shown himself to you, why/why not?

-What else can we apply from this verse to ourselves today?

Read 1 Corinthians 6:9-11

-The Christian Faith believes that even though we may deserve certain consequences for our choices, that God can show us mercy (we don't get what we deserve) . How is this mercy received? Why for some & not others?

-What can we do to show our gratefulness to God for what He has done for us?
You may want to use this as a prayer request.
