

2 Corinthians 5:7

1. What is your central focus in your life? What is your faith in?
2. Why does God have to remind us to not walk by sight?
3. What is "true faith"? Where does "lack of faith" come from?
4. Do you strive to live your life for Christ? How?
5. What is God's character? How can you cultivate the faith the Lord has planted in your life?

Psalm 108:4, John 3:16

6. How much does God love you?
7. What's the difference between knowledge *about* God and knowledge *of* God?
8. Do you trust God? Are you allowing Him to transform your life? How?
9. Does God put "conditions" on you? Do you put conditions on others? Why?
10. Why do we have problems? Why do we think we're not supposed to have pain?
11. How does God transform us from sand into a pearl? Do you press *into God* during the difficult times ... or run away?
12. Why can we trust what God says and does in our lives?
